**PETITIONING THE COURT**

To issue a summons.

The probation officer believes that the offender has violated the following condition(s) of supervision:

Violation Number      Nature of Noncompliance

1

**Special Condition #16:** You shall abstain from the use of illegal controlled substances, and shall submit to testing (which may include urinalysis or sweat patch), as directed by the supervising officer, but no more than six tests per month, in order to confirm continued abstinence from these substances.**Supporting Evidence:** Mr. Matteson tested positive for amphetamine on March 27, 2018.

On July 6, 2017, supervised release conditions were reviewed and signed by Mr. Matteson acknowledging his understanding of special condition number 16, which prohibits him from using a controlled substance.

On March 27, 2018, Mr. Matteson submitted to urinalysis testing which returned presumptive positive for amphetamine. He was confronted regarding his illegal drug use, which he adamantly denied. Mr. Matteson also signed the admission/denial form denying the use of the illegal substance. On April 2, 2018, the probation office received test results from Alere Toxicology confirming the presence of amphetamine in the urine sample provided by Mr. Matteson.
